Public Meeting Held Monday Night

A public meeting, called by concerned students at Appomattox County High School, in the interest of H. Wayne Tucker, Principal at ACHS, was held at the Court House in Appomatox on Monday night. parents, teachers and some students attended the meeting to discuss proper steps that might be taken in order to convince the Appomattox County School Board to reconsider their action in denying Mr. Tucker a contract for the 1973-74 school session if Tucker asks for an appeal. Mrs. Ivey Holland, teacher at ACHS, reported to the group of some 220 people present (approximately 300 were outside the Court House and could not get in due to lack of seating) that 11 teachers had attended the School Board meeting on Tues., April 10, 1973, headed by four teachers who had been in this school system for a number of years, to present a petition to the board in behalf of the principal. The petition read as follows: We, the undersigned faculty members and school personnel of Appomattox County High School, wish it known that we support our present principal, Mr. H. Wayne Tucker. We do this of our own free will on the basis of conscience, having worked with him since September of 1972 to the present. We feel that teacher morale and student morale has greatly advanced this year and student attendance has increased. We have confidence in his professional abilities and feel that if given a proper chance and time would make even greater instructional improvements. We would like for Mr. Tucker to remain as our principal.

Twenty-one names were signed to the petition.

Mr. Tucker was present for the meeting and was open to answer questions from any of the parents present. He advised the group of the reasons that had been given him by the School Board for his dismissal. Mr. Tucker indicated that he did plan to appeal his case to the school board.

A committee representing teachers, a committee representing parents, and a committee representing the student body volunteered to go with Mr. Tucker before the board at his hearing to be of assistance in any way possible.
